

CORONAVIRUS UPDATES: Anglicare Central Queensland

Anglicare Central Queensland is dedicated to leading the way in the community services sector as we pride ourselves on empowering and supporting our participants, upholding human rights, and advocating for the removal of unjust structures.

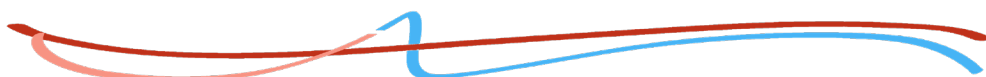

AnglicareCQ are committed to continuing to provide services through this time to ensure your needs are met and you are supported. We're just doing this in a different way at the moment.

The safety of our participants is most important to us. We encourage anyone needing to link with us to firstly phone AnglicareCQ on 1300 769 814 or contact your key worker directly (if you have one), that way we can best respond to your request while protecting you through social distancing.

All services offered by AnglicareCQ are running business as usual with the exception of NDIS intake currently being suspended and Centrelink Services in Blackwater moving to be phone support only.

Please refer to the below table regarding referral pathways for available services across Central Queensland.

| Service | Referral Pathway |
|--|---|
